Automation Tax Credit - It's Not Just for Robots!

HB 1040, the 21st-century Manufacturing Workforce Incentive (dubbed the 'automation tax credit') incorporates a new tax incentive program based on the previous program that was allowed to sunset back in 2017. There are a few points of differentiation between this new program and its predecessor.

It's Official - E15 Year-Round!

*On May 31, 2019, EPA Administrator Andrew Wheeler signed a final rule providing Reid vapor pressure (RVP) relief for E15. EPA released its final rule just before the June 1st kick-off of the summer driving season, so retailers nationwide can offer E15 as an option to their customers year-round.

*E15 is a clean, safe, and low-cost fuel which can be used in more than 90 percent of the cars on the road today (EPA has approved the use of E15 in all vehicles made in model year 2001 and after).
